

AR-15 Armorer School

DATES: October 20, 2018 / 8-hours (8 am - 5 pm) classroom only / 16 seats available (1st come, first served), **NO WALK-INS ALLOWED. Open to any law-abiding citizen.**

LOCATION: Center Mass, 33825 Plymouth Rd., Livonia MI 48150

COST: \$199.00 per student

COURSE DESCRIPTION: This class uses lecture, photos, videos, animations, cutaways and discussion to demystify the gas operated AR-15 rifle system. This is **NOT A GUNSMITHING SCHOOL** and **piston driven rifles are not covered in this course.**

The law enforcement AR-15 Armorer's primary responsibility is to ensure the agencies weapons are properly maintained and documented, to diagnose problems, make minor repairs and test new equipment/accessories. Trigger and barrel jobs should be referred to a certified Gunsmith or sent back to the factory for liability reasons.

This course outlines the most common problems, breakages, wear-points and manufacturing deficiencies. It covers proper care and maintenance, focusing on the operating system, bolt group and trigger group. Barrel and buffer tube change will be explained and demonstrated on a sample gun. The details of barrels and barrel life are examined and all students will remove and reinstall their buffer tubes. The fire control group, its optimization and the many aftermarket options are examined and discussed in this course. Different gas system adjustment methods and products are discussed for the benefit of those using suppressors. During this course each student will breakdown and reassemble their rifle multiple times.

Students will be provided with a hand-punch, a 3/16 Allen wrench, and a copy of Patrick Sweeney's book, Gunsmithing the AR-15.

REQUIRED EQUIPMENT: Students must bring an AR-15, M-16 or M-4 Carbine (no ammunition), safety glasses, a towel or other working surface to protect the host's tables and a screwdriver.

INSTRUCTOR: Ned Christiansen is a noted AR-15 Gunsmith and armorer who produces several tools for working on AR-15's that have become must-haves for armorers and gunsmiths. He is the official armorer and a guest speaker at the prestigious [National Patrol Rifle Conference](#). His AR-15 Armorer class has been hosted by Detroit-area SWAT teams, the Ohio Peace Officers Training Academy and the Illinois Tactical Officers Association. For more information on Ned, go to <http://www.m-guns.com/>.

PREREQUISITE: Citizens attending this course **MUST** have a **VALID CPL.**
